Dear Parents,

The Wicomico Public Library Centre Branch requests parental permission for your child to view anime films that are recommended for ages 13 and up.

The anime club will show a wide variety of features, some of which are comparable to a PG-13 movie, and parental discretion is advised. Some of these features may contain mature themes, including language, action violence, and mild sexual content. Not all films shown will be similar to a rated PG-13 film; several will be similar to PG rated films.

Signed permission slips state that your child can view any materials selected by the club, including those suggested for ages 13 and up. A complete description of the films being screened at each meeting and their suggested ratings are available upon request.

For additional information concerning the content of anime films being shown please contact the Centre Branch staff at 410-546-5397.

We thank you for your cooperation, and we hope to see your child become a member of our club!

Sincerely,

The Centre Branch Staff
